Pattern of Competition

Teams in each division will play each other home and away, teams in division one will play division two teams once only (described Combination). Based on two points for a win would give maximum

points of 22 for division one and 24 for division two. The two league winners will receive a trophy and will play-off to decide which team meets the Northern regional winners. If any fixture is rained off and clubs wish for re-arrangement, the Organising Secretary will use the next vacant Saturday. The individual awards will be based on, Batting - highest number of home-runs in each division; Pitching - number of strike-outs per innings pitched. This information must be included on your result card to your Organising Secretary. All National League Presentations will take place on Sunday, September 25th at the Garringtons Ground, Bromsgrove, Wars.
